

Birchcliff is a public, intermediate oil and natural gas exploration, development and production company with a proven track record of growth in the Peace River Arch of Alberta. Birchcliff has two significant resource plays, one natural gas (Montney/Doig), and one light oil (Worsley Charlie Lake), together with a large undeveloped land base surrounding these opportunities. Birchcliff has successfully completed \$500 million of property acquisitions in the last three years and is continually attempting to improve its portfolio of opportunities. We have a well defined plan to significantly grow our company in the future. Our success is directly attributed to the contribution of every member of our team working together to increase shareholder value.

Birchcliff trades on the Toronto Stock Exchange under the symbol “BIR”.
