

Birchcliff Energy Ltd. is currently seeking to fill the following position:

**Job Title: Senior Drilling Engineer**

**Location: Calgary, Alberta**

**Reports to: Drilling and Completions Manager**

### **The Company**

Birchcliff Energy Ltd. is engaged in the drilling, acquisition and production of oil and gas in the Western Canadian Sedimentary Basin. Established in the summer of 2004, Birchcliff's executive team consists of senior professionals with successful records of creating shareholder wealth.

Birchcliff's strategic plan is to grow the company to over 15,000 BOED within three to five years through a balanced combination of drilling and acquisitions. Birchcliff trades on the TSX and has completed several strategic asset acquisitions in the Peace River Arch area of Alberta. Birchcliff is now positioned to be a dominant player in the Peace River Arch with production over 10,000 BOED, a significant undeveloped land base, operated interests in 3 gas plants, and a significant drilling inventory.

Executive:	Jeff Tonken, President	- Case Resources, Stampeder, Big Bear
	Jim Surbey, VP & Corporate Secretary	- Case Resources, Stampeder, Big Bear
	Bruno Geremia, VP & CFO	- Case Resources, Stampeder, Big Bear, Gulf
	Myles Bosman, VP Exploration & COO	- Case Resources, Summit, Canadian Hunter
	Lawrence Backmeyer, VP Engineering	- Canext, Canex, Purcell
	Karen Pagano, VP Operations	- Koch Exploration, Upton, AEC, Imperial
	Larry Shaw, Director	- President, Shaw Automotive Group
	Vern Seimens, Director	- Independent Business Man
	Scotty Cameron, Director	- Independent Business Man

Birchcliff is now looking to add key personnel to assist in the company's growth through the 15,000 BOED level.

### **Purpose:**

The successful applicant will oversee all facets of the drilling operations from scouting the locations to executing the drilling programs.

### **Duties Include:**

- Scouting surface locations
- Preparing ERCB compliant H2S Searches
